When you review this stage schedule please realise that due to unforeseeable circumstances, some portion of this schedule may change

However, we do guarantee that your start time shown will not begin prior to the "guaranteed" TIME

This does not mean that it will start at that time but rather it will not start prior to the listed time

This will allow those who start later in the day to comfortably plan their arrival time without worry that their competition may have already started.

We do hope that this new feature will benefit you.
